Notes: Data is as of 30 September 2025. Based on revenues, headcount, enterprise value and/or capital raised since 2016. Larger grey bubbles represent companies with revenues of \$500M or more, while smaller white bubbles represent companies with revenues below \$500M.

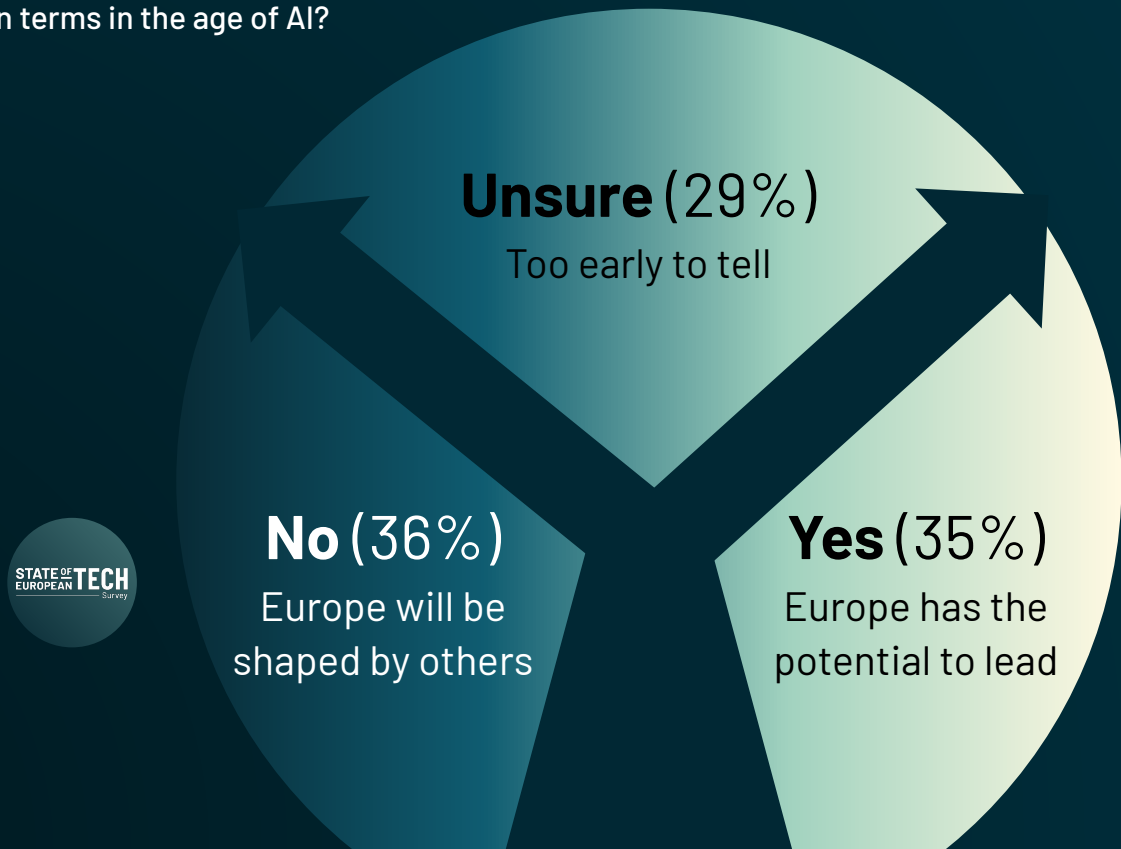

We must fix Europe for our future

Equal parts belief and doubt

STATE OF
EUROPEAN **TECH25**

Do you believe Europe can define its technological future on its own terms in the age of AI?

Fix Europe for founders

STATE OF
EUROPEAN **TECH25**

1 Fix the Friction

Make it simpler and faster to build across borders at scale

2 Empower Talent

Make Europe the home of choice for the most ambitious builders

3 Fund the Future

Build deep, full-stack capital markets fit for champions

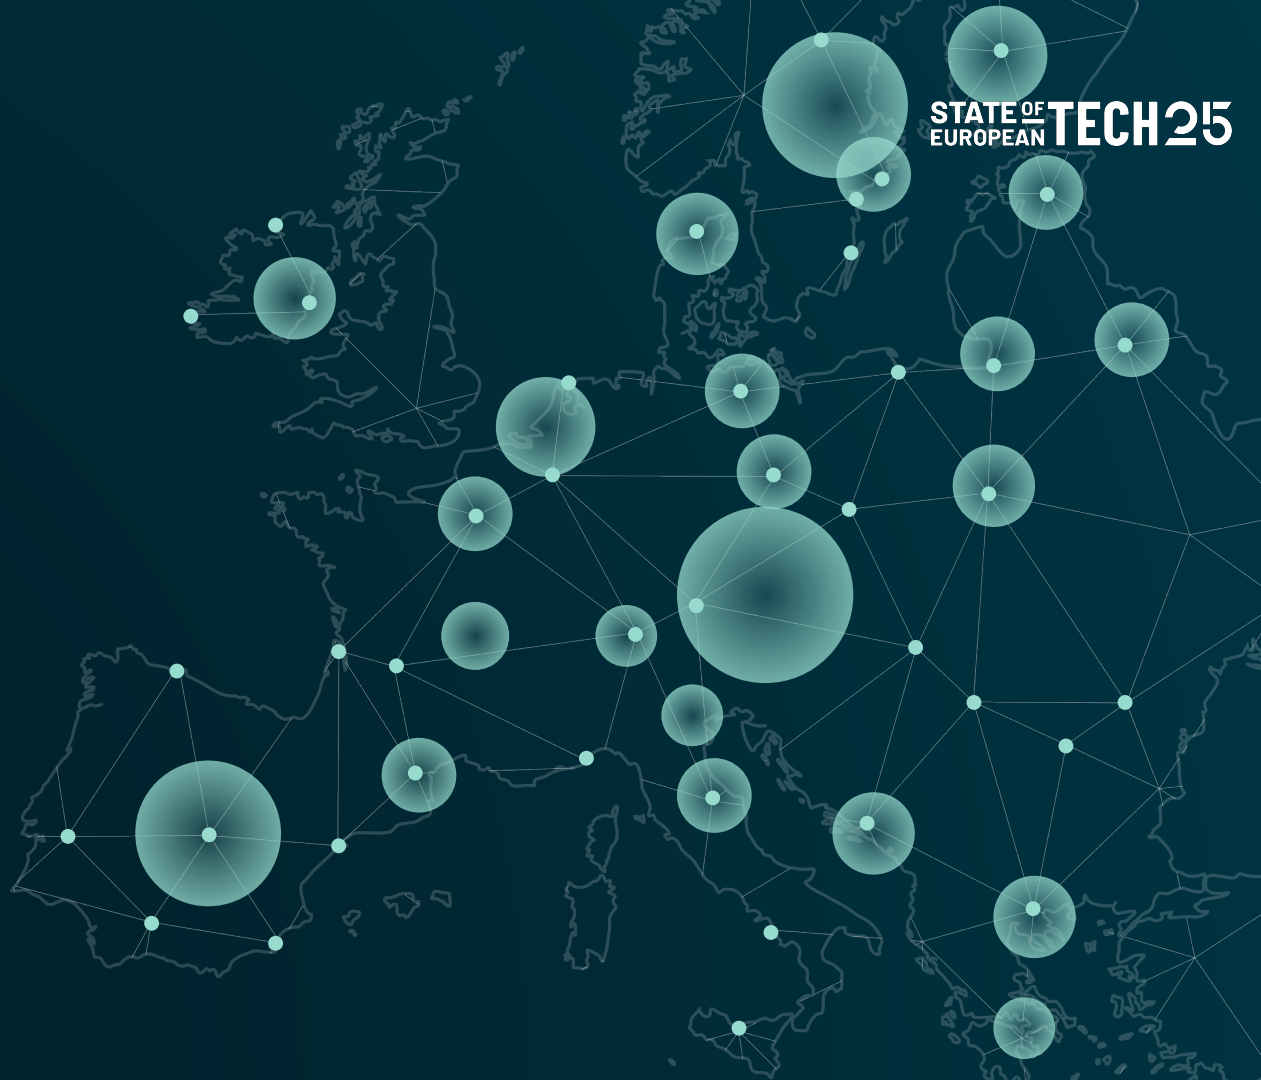

4 Champion Risk

Cement risk culture as foundational infrastructure

28th Regime

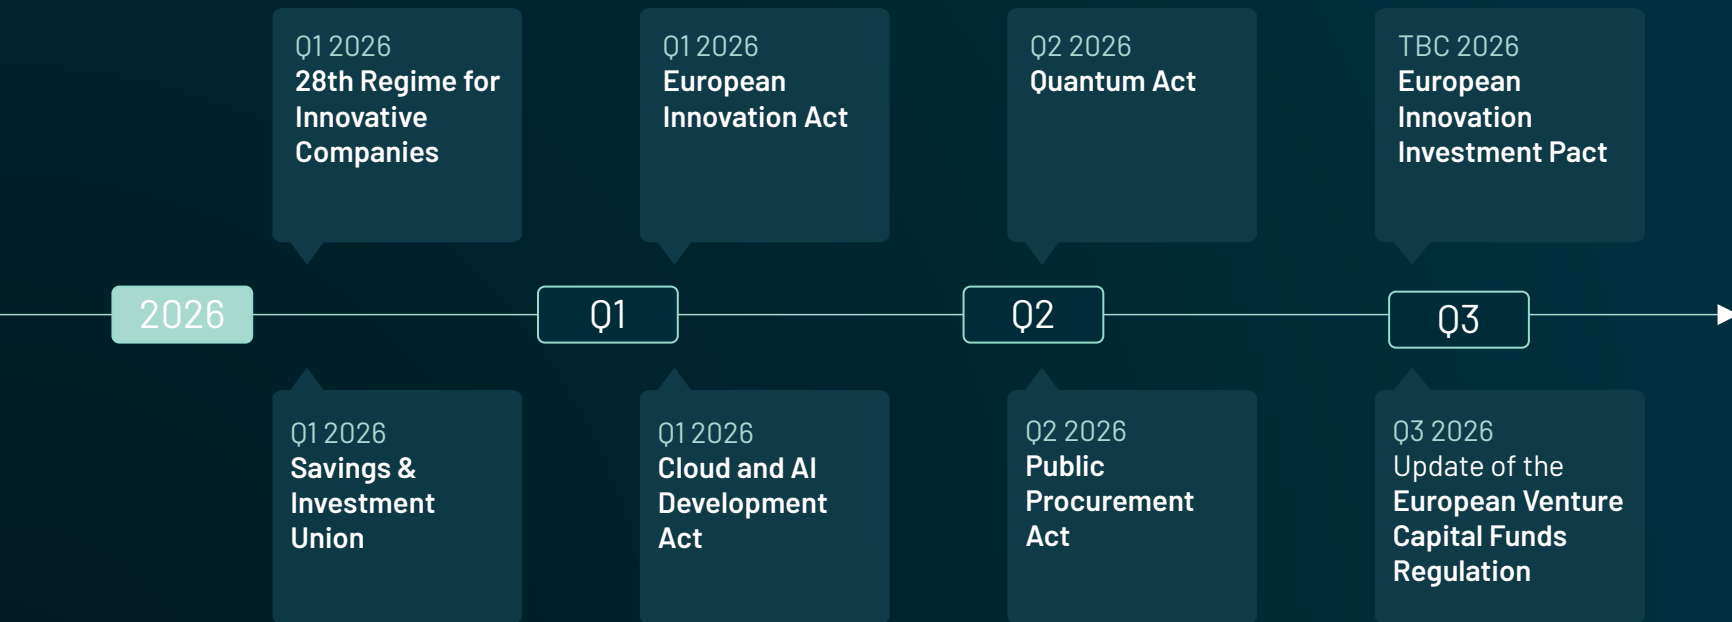

Let's do it right.
